Benefits

This Policy may only be marketed to persons who belong to a Medical Scheme.

Hospital Gap Plus Cover
Underwriters will cover in-hospital service provider costs, which qualify under the Scheme Rate, which are not covered to their full extent by the member’s Medical Scheme.

These shortfalls shall be covered up to a maximum of 5 times the ruling Scheme Rate.

In order for benefits to be payable the Insured must be hospitalised and the benefits must qualify in terms of the Insured’s Medical Scheme and the Policy terms and conditions.

In order to illustrate this aspect the following applies:

a) An Insured may not elect to upgrade bed facilities from a General Ward to a Private Ward/Room and expect the Policy to cover such costs.

b) An Insured may not be hospitalised for treatment not authorised by their Medical Aid and expect the Policy to cover such costs.

c) Costs in excess of the Medical Aid Sub-limits are also not covered by the Policy. These may include restrictions to items such as physiotherapy, pathology, radiology or organ transplant.

In addition the following benefits shall be included in cover:

• The Gap on any chemotherapy or radiotherapy for the treatment of cancer on an out-patient basis
• The Gap on kidney dialysis on an out-patient basis
• The Gap on certain out-patient surgical procedures

Benefits are limited to R164 000 per insured per annum.

Additional Benefits Automatically Included

Hospital Co-payments
Underwriters will cover a hospital co-payment as reflected by the Insured’s Medical Scheme Option.

This insured benefit shall be restricted to the co-payment required by the insured before treatment is authorised by the insured’s Medical Scheme.

This benefit does not cover procedures not authorised by the insured’s Medical Scheme, nor does it cover benefits restricted or limited by the insured’s Medical Scheme.

Dental Surgery Co-payment Restrictions
These benefits are restricted to the following levels, subject to the procedure being authorised by the insured’s Medical Scheme Option:
